Mira Rapi-Flo Waste

Mira Rapi-Flo Waste

Engineered by the
water experts

Designed for rapid drainage from the tray and with a host of clever design features, the Mira Rapi-flo waste is an innovative waste which is included with all Mira Flight Low & Safe trays.

Mira Rapi-Flo Waste

Engineered for
greater flow

The large 40mm outlet ensures water is drained rapidly
from the tray.

Mira Rapi-Flo Waste

Reduce blockages with hair catcher

To ensure rapid flow throughout the lifetime of the product, the Mira Rapi-flo waste incorporates a removeable hair catch for quick, easy cleaning and blockage removal.

Mira Rapi-Flo Waste

Installation made
simple and quick

Flexible installation, thanks to the a 360 rotation to suit
pipework placement. The Mira Rapi-flo waste
incorporates a 1 3/4" BSP thread to fit 40mm pipe , with
no adapters required.

Thank you
