

S3 SANITARY SILICONE

HIGH PERFORMANCE SANITARY GRADE SILICONE SEALANT

PART OF THE PREMIERE RANGE OF SILICONES & SEALANTS

A high performance, low maintenance, fungal resistant, acetoxy silicone sealant.

Uses: Excellent adhesion to ceramics, glass, melamine laminates and sanitary plastics. Also compatible with anodised aluminium and lacquered and primed metals painted timber and plaster; sanitary plastics; primed or painted concrete.

Contains a biocide to prevent unsightly mould growth.

For sealing around worktops, basins, sinks, bed basins to vanity units and also to seal shower trays and shower units. It has been specially designed to seal in damp and humid areas.

Benefits:

- Contains biocide - suitable for sanitary applications.
- Easy to tool and finish.
- Mould resistant.
- Waterproof.
- Remains permanently flexible.
- For interior use.
- Resistant to all common household cleaning chemicals.
- Do not use on bare metal or fresh concrete without priming. Natural stone, particularly marble must be protected by primer/ sealer. Not suitable for mirrors.
- UKCA & CE Approved. Conforms to EN15651-1,3; F EXT-INT; S1.

SPECIFICATION SUMMARY

Tooling Time	5-10 minutes
