Built on Leadership

TITAN EcoSafe®

The Kingspan Titan EcoSafe range of bunded oil storage tanks has long been the brand of choice for commercial, domestic and agricultural heating requirements. Tanks are available from 1,000 - 9,000 litres, offering 15 sizes and shapes to suit all installations.

Watchman Sonic
Advanced

Overfill Prevention
Device

Do you require a bunded oil tank?

A risk assessment should be carried out by a qualified engineer (i.e. OFTEC registered technician) to determine if you require a bunded tank and ensure your tank complies with regulations.

Please call +44 (0) 28 3836 4444 or email tankinfo@kingspan.co.uk if you need assistance finding a local engineer.

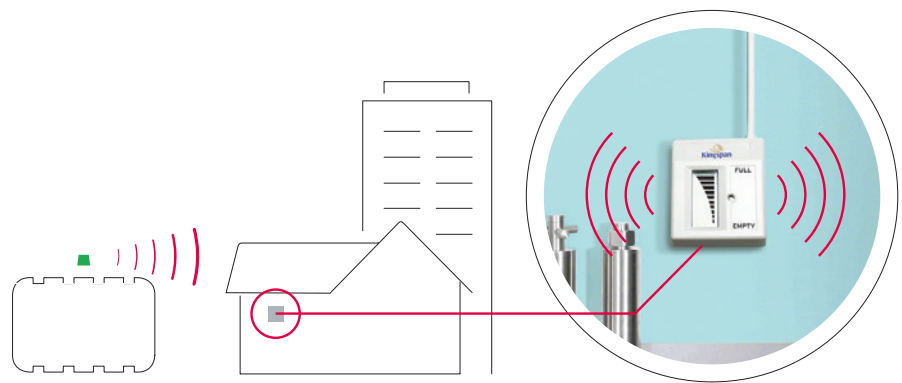

EcoSafe Range Features:

- > Double skinned construction - bunded area holds 110% of inner capacity.
- > Low maintenance - no rust and no painting.
- > SpillStop overfill prevention device fitted as standard. This device shuts off once fuel reaches approx. 95% of the tank capacity.
- > Lockable lid.
- > EcoSafe tanks are fitted with a bottom outlet and the contents of the tank pack come with a unique gate valve and filter supplied as standard.
- > Comes complete with Watchman Sonic Advanced tank pack which includes an ultrasonic oil level monitor.
- > EcoSafe tanks are made from recyclable polyethylene.
- > Top outlet options are available on the tanks to further reduce the risk of leakage.

Watchman Sonic Advanced

How it works

01

Transmitter measures the level of oil in the tank. It transmits that information to the receiver plugged into an electronic wall socket in the building.

02

Liquid level is displayed on a LCD screen on the receiver. When the level of oil gets below 10% the fuel dispensing symbol appears, indicating to the owner that they need to order oil.

03

In the event of the oil level dropping at a dramatic rate the receiver will emit an audible alarm.

Inspection Lid

Double Skinned Construction

EcoSafe Horizontal
1,300 - 2,500 litres

EcoSafe Rectangular
1,000 - 1,225 litres

EcoSafe Slimline
1,100 - 2,000 litres

EcoSafe Vertical
1,300 - 9,000 litres

* 10 year warranty applies to tank only

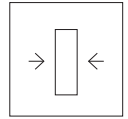

The Benefits

Safe and Robust Oil Storage Solutions

EcoSafe Range offers:

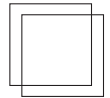

Slimline Models

The slimline bundled EcoSafe oil storage tanks are the perfect solution for locations with limited space and access restrictions. The slimline models have a smaller footprint than standard oil tanks making it much easier to manoeuvre and fit into tight spaces. Available in capacities 1,100, 1,400 and 2,000 litres.

Double Skinned Construction

EcoSafe tanks come double skinned for environmental protection and to safeguard against leaks and ground contamination.

Security

EcoSafe tanks come as standard with the Watchman Sonic Advanced oil level monitor which reduces the possibility of running out of fuel, and emits an alert in the event of a sudden drop in your oil levels, giving you security and peace of mind.

Reliability

Kingspan is known for excellent service, quality products and trustworthy 10 year guarantees* combined with over 40 years' experience you know you can trust.

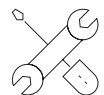

Industry Approved

All EcoSafe tanks are CE marked** and fully compliant with current regulations and safety standards.

Service

We pride ourselves on a quality customer experience from a comprehensive free on-site survey, through to professional installation options, full technical and after sales support, and fast delivery times.

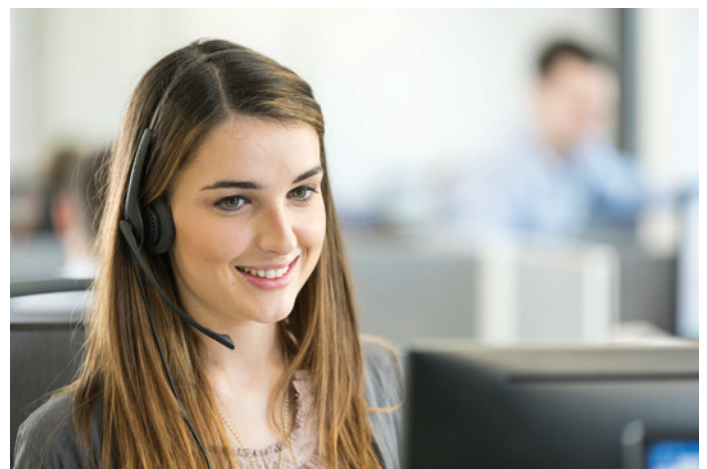

* 10 year warranty applies to tank only

** The CE mark applies to the primary storage tank

TITAN EcoSafe®

3 Easy steps to the perfect oil storage solution

Step 01

Contact us and we will help you find a local engineer who will visit your premises and carry out an on-site survey should it be required.

Step 02

The local engineer will advise you on which tank is most suitable for your property and ensure you comply with regulations.

Step 03

Once your tank is installed, send us back your warranty card or complete your online registration at kingspan.co.uk/environmental-guarantee

Models and Specifications

Choose your shape and size from 1,000 - 9,000 litres, with our complete range of EcoSafe bunded oil tanks*

ES1000

Capacity*	Length	Width	Height	Footprint
