

Additional Information

5 years warranty

Suitable for multiple plumbing systems

100% factory tested

Externally finished in a hard wearing epoxy powder coating

Robust welded bracket creating easier installation

Replaceable membrane and flanges making the vessel repairable

Fully certified according to the pressure equipment directive 2014/68/EU

Product

ULTRA-PRO Potable Expansion Vessels With Replaceable Membrane & Welded Bracket

Z1-1100001223 - 12L ULTRA-PRO Potable Expansion Vessel 3/4" Connection

Z1-1100001220 - 12L ULTRA-PRO Potable Expansion Vessel 22mm Compression Connection

Z1-1100001955 - 18L ULTRA-PRO Potable Expansion Vessel 3/4" Connection

Z1-1100001951 - 18L ULTRA-PRO Potable Expansion Vessel 22mm Compression Connection

Z1-11000024L3 - 24L ULTRA-PRO Potable Expansion Vessel 3/4" Connection

Z1-11000024J1 - 24L ULTRA-PRO Potable Expansion Vessel 22mm Compression Connection

Z1-1100003505 - 35L ULTRA-PRO Potable Expansion Vessel 3/4" Connection

Technical Specification

Temperature Range:	-10°C - 99°C
Max Working Pressure:	10 Bar
Pressure Pre Charge:	12-24L: 3 Bar / 35L: 1.5 Bar
Colour:	White
Shell & Bracket Type:	MIG Welded Carbon Steel
Membrane:	Butyl / EPDM
Flanges & Connection:	Stainless Steel

Dimensions

Code	Diameter ØD(mm)	Height H(mm)	Connection ØC	Installation Centres(IC)
Z1-1100001223	270	310	3/4" BSP	240 ±3
Z1-1100001220	270	290	22mm Compression	240 ±3
Z1-1100001955	270	410	3/4" BSP	240 ±3
Z1-1100001951	270	394	22mm Compression	240 ±3
