Gutter Brush

Keeps your gutter free from debris!

Available in Black and White

FloPlast GutterBrush

Clearing out your gutter can be a mucky job, but now there is an even easier way to stop your gutters from getting blocked - without the need to call out a professional to clean them. You simply need NEW **FloPlast GutterBrush**.

FloPlast GutterBrush is a gutter filter that fits easily into your rainwater system, designed to keep it clear from any debris such as moss and leaves all year round, whilst still allowing water to flow freely.

It is easy to install; simply remove any debris, then lay the **FloPlast GutterBrush** in the gutter and cut where required.

Benefits:

- Simple to install.
- **GutterBrush** will flex to fit virtually any shaped gutter system.
- Prevents debris such as moss/leaves/twigs/seeds from blocking the gutter.
- Made from high quality Polypropylene filaments securely fixed into a flexible central rust-free stainless steel core.
- Low maintenance.

(For further installation advice please visit www.floplast.co.uk)

FloPlast GutterBrush	Code	Size
 Black	GB4	4m

INTRODUCING THE NEW GUTTERBRUSH CLIP

Our GutterBrush fits virtually any size gutter system however if for any reason the brush becomes loose in extreme high winds then we have recently launched new clips which keeps the GutterBrush in place.

We also sell FloGuard, DrainGuard, BalloonGuard and SnowGuard which are also winter protection products.

Available in Black, white and brown.
