

ILLUSION RANGE

The Dudley Illusion range of support frames are ideal for use with most wall-hung sanitaryware.

They also provide a proven solution behind panelling and tiles and in fitted bathroom furniture.

SAVING WATER

Illusion A and V frames incorporate an integral Vantage cistern that can be quickly and easily converted to deliver 6/4, 5/3 or 4/2.6 litre dualflush to support the Code for Sustainable Homes, BREEAM and other initiatives.

Illusion Universal, Compact Universal and Freestanda frames can be installed in conjunction with any Dudley concealed cistern to provide a bespoke water saving solution.

SAVING TIME AND MONEY

Illusion frames have been specifically designed to simplify installation and minimise the associated costs.

Wall fixing brackets can be fixed at any angle through 180° whilst floor fixing brackets can be fixed through 360°.

This allows Illusion frames to be quickly fitted against flat walls and into corners or furniture.

UNRIVALLED FLEXIBILITY

A vast range of pushbuttons, push plates, levers and touch-free electronic sensors is available to provide the perfect finishing touch to any project.

Please refer to pages 23-26 for details.

Finding the perfect frame for every project.
