

Hep₂O have launched an extended range of flexible tap connectors.

Consisting of 36 items including braided hose, white hose, valve and monobloc options, the range covers all applications.

All incorporate the unique Hep₂O **In4Sure™** joint recognition feature. Just insert, twist, and feel for the rumble to know the joint is totally secure.

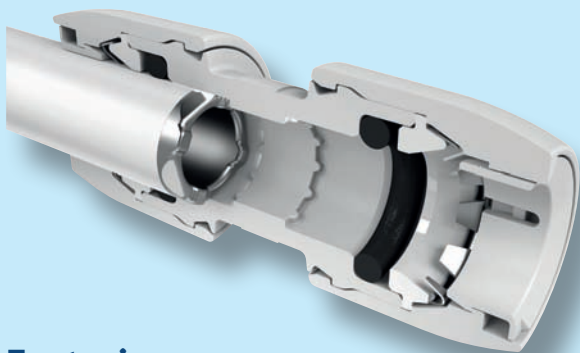

Hep₂O Fittings are easy to demount and adjust with the **HepKey**, but once installed cannot be tampered with or accidentally demounted. All products come with the peace of mind of an industry leading **50 year guarantee.**
