## INTERNATIONALLY RENOWNED SANITARY EQUIPMENT SPECIALIST

A family business founded in 1977 by Daniel Le Coënt, WIRQUIN manufactures sanitaryware products and accessories for the bathroom, toilet and kitchen.

The company has grown steadily for 39 years. In 2014 Wirquin achieved a turnover of more than 130 million Euros. This is generated by 1,400 Talents® driven by their corporate values: team spirit, respect, sharing and performance. Always at the forefront of innovation, the group designs 15 new products a year making life easier for the end user, helping installers to be more professional and improving stock rotation for the distributors. To achieve this the Group invests 5% of its annual turnover in Research and Development.

As the company has grown, Wirquin has strengthened its roots in France while developing its international subsidiaries. Today the Group has 10 subsidiaries worldwide, including 6 factories.

## WIRQUIN LTD.

Wirquin Ltd. based in Doncaster, Yorkshire, offers the renowned brands **Celmac Wirquin** and **Macdee Wirquin**.

### Celmac – Tried and trusted since 1890

**Celmac**  
*wirquin*

Celmac Wirquin is a leading toilet seat manufacturer in the UK. It produces over one million pieces per year to a wide range of design and technical specifications. Celmac has produced toilet seats since 1890 and is historically renowned for the 1930s black crescent school seat with the gap in the front (Crescent) as well as for setting the British Standard with the BS1254 Type 1 (Sonata) and the BS1254 Type 2 (Emerald) which are still manufactured today. Alongside the more traditional designs, Celmac also offers contemporary seat designs including bespoke colours and images.

Celmac Wirquin offers a wide range of thermoset, thermoplastic and mouldwood toilet seats for the home, high traffic areas and special needs. There is also a choice of hinge types to suit all requirements whether it be plastic, stainless steel (guaranteed to be non-corrosive), adjustable, top fix, quick release and/or soft close.

### Macdee since 1976 – Make it easy, Make it Macdee

**Macdee**  
*wirquin*

Macdee Wirquin provides installers with a wide range of flushing mechanisms, frames, cisterns, wastes, traps, connectors, wetroom solutions and accessories. It's world renowned products are designed and produced with the installer and end user in mind - ensuring they are quick and easy to install, cost effective, robust, reliable and guaranteed to last.

A full range of flushing valves, inlet valves, siphons and kits are WRAS approved and meet, if not exceed, British Standards and customers' requirements to save water and money.

*"From traditional to contemporary..."*

## ■ LEADING INNOVATIVE TECHNOLOGY

Wirquin products are innovatively designed and manufactured to be quick and easy to install, reliable, high performing, robust and water saving.

### Research & Development

Innovation is a fundamental part of the Wirquin ethos. As a leader in its field, Wirquin invests 5% of its annual turnover into Research and Development. Our R&D team continually analyses the market and listens to customer feedback in order to conceive and develop leading high spec plumbing solutions.

## ■ MADE IN BRITAIN

Wirquin is proud to manufacture Celmac Wirquin and Macdee Wirquin products in the UK that meet and set industry standards. Our factory in Doncaster includes:

- ▶ CAD design
- ▶ Injection moulding
- ▶ Compression moulding
- ▶ Assembly
- ▶ Packing and distribution
- ▶ Quality testing
- ▶ Sales & Aftersales

MADE IN  
THE UK

## ■ QUALITY

Because Wirquin is committed to quality, our products and customer relations are made to last.

With thorough product testing being critical to ensure problem-free installation and use, Wirquin recently invested in a 100m<sup>2</sup> new laboratory with a team of 12 technicians. The UK production site also has a dedicated quality assurance team that tests and continually monitors products for their quality and performance.

### Guarantees

Products come with a 2-year, 5-year or 10-year guarantee.

### WIRQUIN Ltd Has been certified ISO9001 for more than 15 years

Through rigorous analysis of our management system, this approach ensures the quality of the processes we have implemented. The objective of ISO9001 is to increase customer satisfaction, enabling us to provide a level of quality that corresponds to their needs and requirements.

### Industry Membership

Wirquin's commitment to the plumbing industry is reinforced by our membership of the British Manufacturers Association (BMA).

## ■ RECOGNISED EXCELLENCE

Wirquin has won numerous industry awards for its innovative products and customer service. The most recent awards include the KBB Award for Innovation, Chamber Business Awards for Innovation, Export, Corporate, Social and Environmental Responsibility and a customer award for the Most Improved Supplier of the Year.

## ■ ENVIRONMENTAL RESPONSIBILITY

Wirquin strives to minimise the environmental impact of its activities. Ongoing reviews of our manufacturing and distribution methods ensure the reduction of our energy use and an increase in recycling.

In 2015, Wirquin Ltd achieved the ISO14001 Environmental Management Systems accreditation – the international standard for a reduced impact on the environment.

The company also achieved FSC (Forest Stewardship Council) accreditation for its wood based products including Celmac toilet seats. Using the FSC logo certifies that the products are from responsible sources, environmentally friendly, socially beneficial and economically viable.

### Water Saving and Sustainability

At Wirquin we recognise the importance of saving water and work hard to ensure that, wherever possible, our products and new innovations are recognised and accredited by the leading bodies and associations in our industry.

A large range of Macdee Wirquin products are approved by the **Water Regulatory Advisory Scheme (WRAS)** to meet the requirements of the Water Supply (Water Fittings) Regulations in England, Wales and Northern Ireland, and the Scottish Byelaws to ensure they are water saving and 'of an appropriate quality and standard'.

A range of Macdee Wirquin products carry the **Waterwise Mark** for their water saving credentials.

Certain water saving devices are on the **Water Technology List (WTL)** for their ability to not only help reduce water bills but businesses can claim against their water saving investment under the Enhanced Capital Allowance (ECA) Water Scheme. Look out for the WTL logo to recognise approved products.

## ■ CORPORATE RESPONSIBILITY

Wirquin supports numerous international, national and local charities. Wirquin employees worldwide are proud to be partnering with the World Toilet Organization to fight against the global sanitation crisis. Throughout the year they are raising awareness and funds to support sustainable sanitation projects such as clean and safe toilets in Cambodian floating villages.

## CUSTOMER SERVICE

From innovative design to installation and beyond – we are dedicated to your success.

### Customer Focus

Wirquin works closely with customers of all sizes from distributors (OEM, trade, export, DIY, retail) to installers and the end user. Every customer is offered tailored product knowledge, technical advice, installation solutions, trainings, experience, innovation and great customer support throughout each and every project.

### Sales Team

Products can be quickly and easily ordered through our dedicated UK Sales Team by telephone, fax, EDI or email.

### National Sales Team

Our experienced Regional Business Development Managers are located around the UK and Ireland to offer advice on the extensive range of products and ensure customers feel supported during the selection and ordering process, installation and beyond. For your nearest Regional Business Development Manager, please contact the Sales Team.

### Technical Support and After Sales Team

Our Technical Support and After Sales teams can assist with specification choices, as well as regularity compliance and installation advice. We will get back to you within 24 business hours.

### Minimum Order

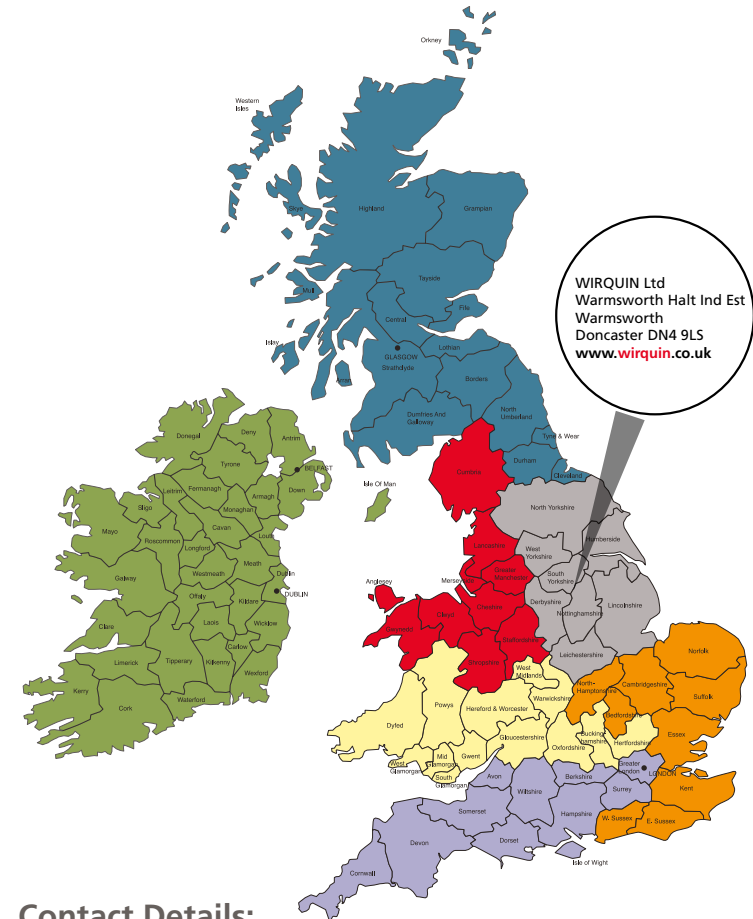

For the UK mainland, please note that there is a minimum order value of £150 carriage paid to any one delivery point. Certain products can be ordered in pallet quantities.

### Delivery

With Wirquin, ordering could not be simpler. We aim for orders to be delivered within 1.5 days to ensure strong customer satisfaction. By constantly analysing our performance, Wirquin strives to set the gold standard in customer satisfaction.

## CELMAC WIRQUIN SPECIFICATIONS TO MATCH ANY NEEDS

### COVER

Celmac Wirquin offers a very wide range of covers. Our different shapes include dished, domed or flat and can come in slim sandwich, semi or full wrap options.

### HINGE

With hinges and their component parts being integral to the function of every toilet seat, we have developed a range that is adjustable, flexible and securely fitted.

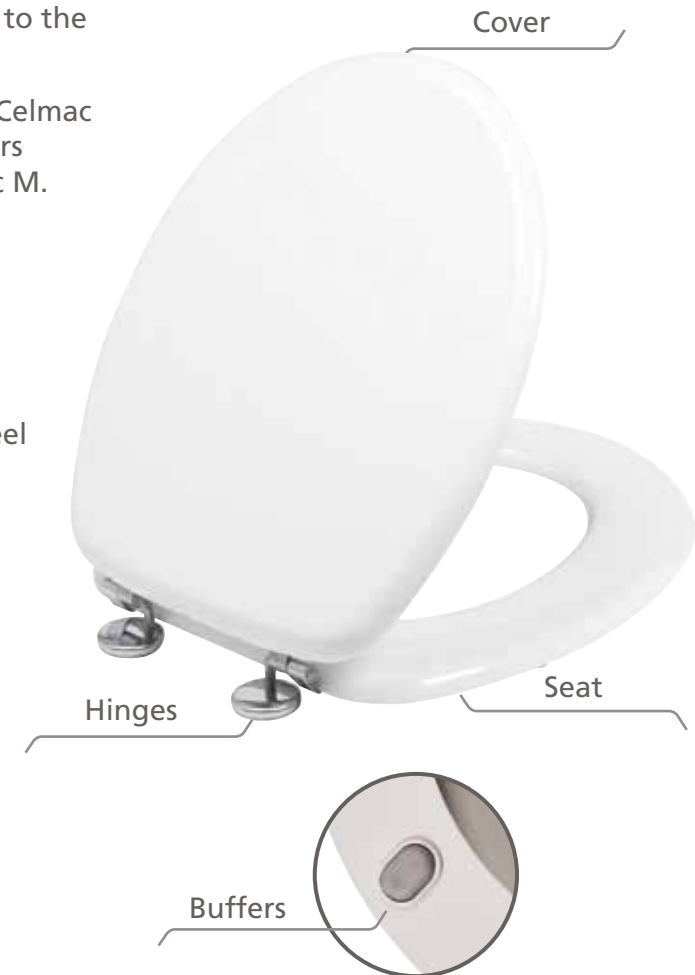

With a variety of fitting options including; bottom fixing, blind hole fixing and quick release to ensure ease of installation every time.

We focus on effective application and endurance testing as well as guaranteeing 304 grade stainless steel across all of our stainless steel hinges.

### SEAT

Celmac Wirquin seats are ergonomically designed for comfort with buffers to stabilise the seat to the pan.

Where most toilet seats have 2 or 4 buffers, Celmac Wirquin also offers additional locating buffers mainly dedicated to the requirements of Doc M.

**Education:** Some dedicated seats are specially designed to fit 12" school pans.

**Antiviral:** Celmac Wirquin offers anti-viral options dedicated to hospitals or care homes.

**Special Needs:** Celmac Wirquin offers dedicated toilet seats to meet the requirements of the less able.

#### Hinge Type

Bottom fixing is a traditional type of fitting where the underside of the mounting hold is accessible to allow the tightening of the hinge fixings.

Top fixing is required when there is a limited/no access to the underside of the hinge mounting holes (back to wall pans).

Quick release for easy removal of the seat without tools, enabling thorough cleaning for maximum hygiene

Soft close incorporating specialist dampers for a gentle, quiet closing action, offering added safety. No more trapped fingers.

## FIT FOR ALL | HOW TO SELECT YOUR PERFECT CELMAC WIRQUIN SEAT

### STEP 1

First consider the application of the seat and the environment where it will be installed. It will help you choosing your material. Check material properties on each material description page.

### STEP 3

Then select the shape of your bowl to find out which seats will fit appropriately.

Traditional rounded shape.

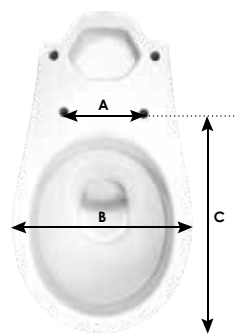

D-Shape

Bespoke shape.  
For information please contact the sales office

### STEP 2

Now you need to think about the size of your seat. There are different measurements to consider.

- A: Distance between the middle of the 2 holes in the pan
- B: Width of the pan
- C: Projection from the middle of the 2 holes up to the front of the pan.

### STEP 4

Finally, decide which seat design and hinge type best suits your requirements.  
Overlying cover: often referred as Sandwich style  
Wrap over covers  
Dished design  
Domed design

## PAN MATRIX

Discover our pan matrix on our website

## THERMOPLASTIC MATERIAL

- ▶ Shatterproof
- ▶ Longlasting
- ▶ Cost Effective
- ▶ 100% recyclable

### \* INTERNATIONAL 1KG

- Lightweight white thermoplastic
- Universal shape
- Contemporary overlaying cover

### \*\* EMERALD 1.8KG

- Mediumweight white thermoplastic
- Universal shape
- Contemporary cover

The original seat that set the British Standard 1254 Type 2

### \*\*\* TANGO 1.7KG

- Mediumweight white thermoplastic
- Universal shape
- Wrap over cover

Thermoplastic material is a tough polypropylene. It is the perfect choice for a wide range of everyday applications - especially when the priority is cost effectiveness.

## THERMOPLASTIC

Product	Weight	Shape Cover	Hinge material	Hinge option	Specification	Page number
<b>NEW</b> Neon	0.9kg	Overlaying	Plastic		Entry level toilet seat	28
International	1kg	Overlaying	Plastic		Cost effective toilet seat	28
<b>NEW</b> Flamenco	1.3kg	Overlaying	Plastic or Stainless Steel		Available with Stainless Steel hinge	30
Sapphire	1.5kg	Overlaying	Pre-assembled		Cost effective toilet seat	29
Tango	1.7kg	Wrap over	Pre-assembled	  	High quality toilet seat	30
Emerald	1.8kg	Overlaying	Pre-assembled	 	The seat that set the BS1254 Type 2	27

**Soft close:** allows the seat and cover to close gently and quietly, preventing noise and trapped fingers.

**Quick release:** tool free, quick and easy removal of the toilet seat for better hygiene thanks to its ease of cleaning.

**Top fix:** fitting of the seat from the top. Required when restricted or no access (back to wall pans).

**Bottom fix:** fitting of the seat from the bottom of the pan.

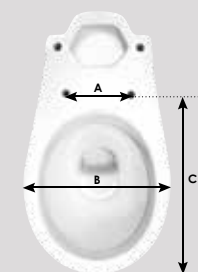

EMERALD

- ▶ Long lasting and hardwearing polypropylene material.
- ▶ Supplied with pre-assembled adjustable hinges.
- ▶ **The original seat which set the British Standard - BS1254 Type 2.**
- ▶ Universal fit compatible with most modern and traditional pottery.
- ▶ **1.8kg Nominal Weight**

# FLUSH VALVES

## JOLLYFLUSH DUAL FLUSH

Extensive array of flush valves to suit all cistern types, perfect for both new build and retro-fit. The flush mechanism is easy to install with its flexible cable makes it suitable for even the slimmest cisterns.

Dual flush offers water saving with full and half flush options to save water and money. WRAS approved and tested to over 200,000 cycles.

## JOLLYFLUSH SINGLE FLUSH

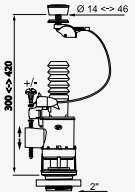

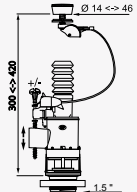

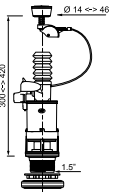

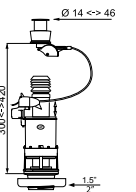

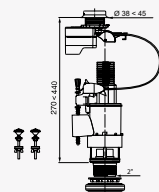

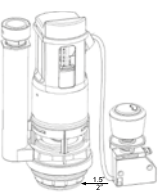

Easy to use single push button, simple full flush everytime

## JOLLYFLUSH DOC M

Single flush mechanism with raised button. Suitable for people with limited dexterity.

CHRONO

► Innovative technology for a record installation time

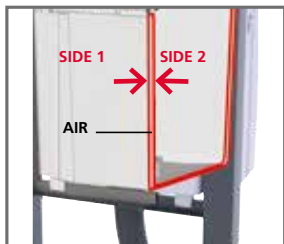

**EASY ADJUSTMENT**

of the push plate to the thickness of the support with no need for tools or cutting

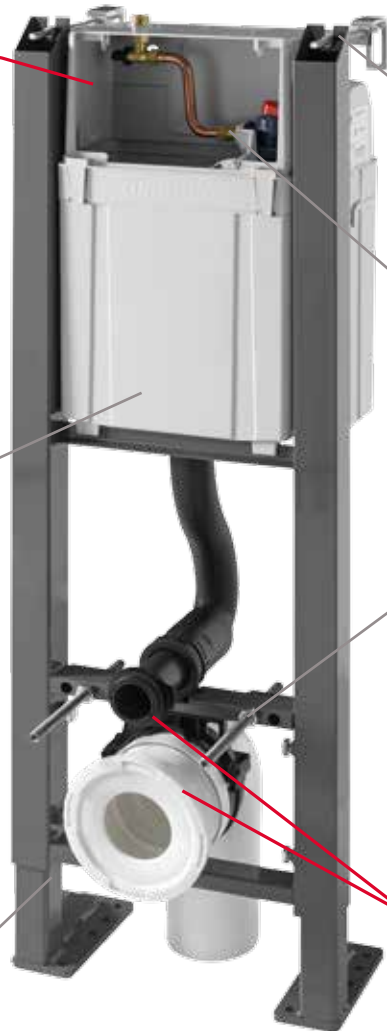

**INNOVATIVE INSULATION SYSTEM**

Ecological double-skin anti-condensation cistern (free from polystyrene foam)

**SIMPLE HEIGHT ADJUSTMENT**

Height adjustable legs with integrated braking system

**INSTALLATION WITHOUT MOVING THE PRODUCT**

Simple adjustment when fixing to wall even if uneven

**EASY ACCESS TO THE CISTERN**

Large front access panel for easy servicing

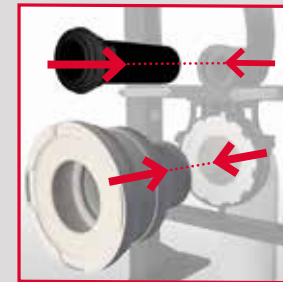

**ULTRA-FAST INSTALLATION**

Hexagonal-imprinted threaded rods

**EASY PAN INSTALLATION**

No measuring or cutting of pan or flush pipe

The Chrono frame can be installed up to twice as fast thanks to its pre-assembled components and intuitive fitting procedure.

\*Complete with WRAS approved fittings

TECHNICAL DRAWING	
-------------------	--

## INTRAMUROS 1060

## ACOUSTIC INSULATION

The cistern is insulated with polystyrene and a Jollyfill inlet valve to ensure a quiet flush and fill

## DURABLE

Epoxy coated steel frame

## ACCESSIBLE

Easy installation as all components are accessible in the cistern (lid is not preassembled)

## UNIVERSAL

Wall and floor mounting

## SECURE

The pan connector is fixed using a 2 point support system on the metal structure

- It avoids vibrations

## QUICK ASSEMBLY WITH A GUARANTEED RESULT

The Intramuros 1060 wall hung frame, manufactured from high quality materials, offers a universal solution compatible with most installations.

Intramuros 1060 is quick to assemble with easy access for maintenance.

## ► HIGH PERFORMANCE

Complete with a water saving flush mechanism (3/6l) WRAS approved. The flush volumes can be optimised (2.7l/4l). Complete with Jollyfill delayed action inlet valve, very quiet, very quick and resists pressure peaks of up to 20 bars. Supplied with ½" isolation valve. Perfect for use with the Ecostop flush plate.

## ► ROBUST

The Wirquin WC Frame complies to the 400kg load bearing standard.

## ► DESIGN

A range of push plates in a stylish design in ABS and aluminium.

\*Complete with WRAS approved fittings

## THE NEW GENERATION OF SHOWER CHANNEL COMBINING DESIGN, FINISHING & PERFORMANCE

Thanks to its self-contained trough with trap, VENISIO EXPERT provides the advantages essential for a walk-in shower range:

- ▶ Reduced dimensions: only 89mm below floor
- ▶ Ultra high flow rate: up to 79L/mn (under 20mm of water)
- ▶ 50mm water seal
- ▶ Reversible finish grid: brushed stainless steel or tile finish
- ▶ Self contained trough with trap: direct access to the trap from above
- ▶ Supplied with waterproofing sheet: secured by adhesion and screws to ensure a watertight seal
- ▶ Perfect finish: stainless steel grid and frame to prevent corrosion
- ▶ Height adjustable: even after tiling has been completed
- ▶ Installation DVD provided to enable easy installation

COMPACT SIZE TO FIT IN THE TIGHTEST OF SPACES

VENISIO SLIM, the new wetroom channel, ideal for installing walk-in showers in renovation projects thanks to its unobtrusive slimline profile, with a height of just 50mm.

- ▶ Extra flat: only 50mm beneath floor
- ▶ Height adjustable: fine-tune the height of the channel using the adjustable supports
- ▶ Totally waterproof: supplied with butyl seal
- ▶ Compatible with tiles with a thickness between 8 – 16mm
- ▶ Reversible finish grid: brushed stainless steel or tile finish
- ▶ Easy to maintain: top access silicon membrane seal with removable hair filter

# SHOWER TRAY FEET

► 450kg Weight Capacity Shower Tray Feet

- **ROBUST:** Each foot withstands 450kg
- **HEIGHT ADJUSTABLE:** From 58mm – 172mm with height graduation marks for accurate setting
- **STABILITY:** Anti-slip stabilising base for an optimal installation
- **INCREASED SAFETY:** Each foot has four floor fixing points

REFERENCE	30719767
EAN CODE	3375537196944
PACKAGING	Bag
QUANTITY	Pack of 4

► Easy height adjustment

### ✓ TIP:

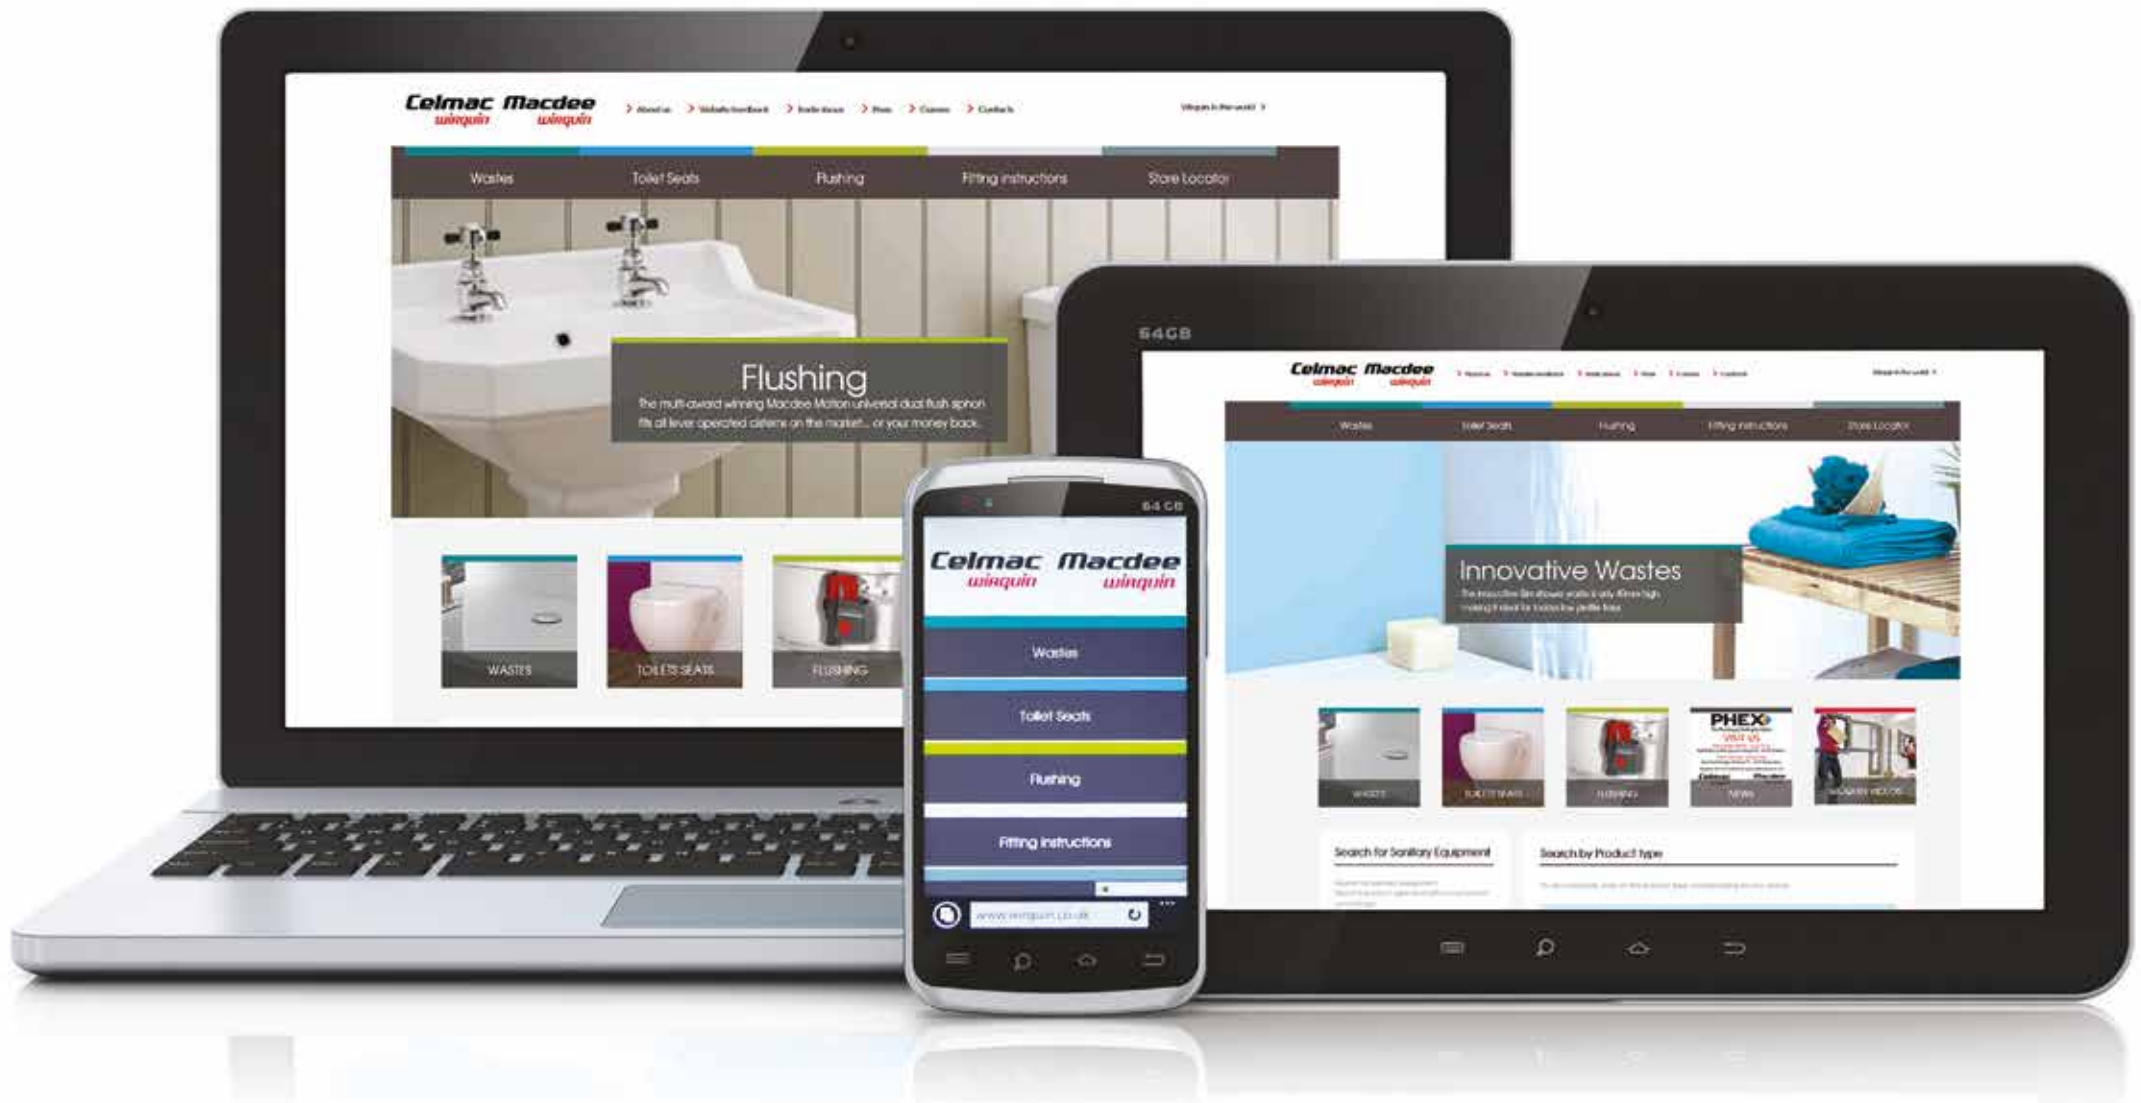

By removing the extension leg, the tray can be installed with a minimum height of on 58mm.

ADJUSTABLE FROM 58mm to 172mm

104mm wide base: To increase reliability and easy floor installation.

## CABLE BATH WASTE SB600 & ELTON

A high quality range, with different finishes, to suit any need

- ▶ A high quality range of cable bath wastes with technical performances higher than standard requirements
- ▶ High resistance stainless steel cable inside the flexible overflow tube for easier installation
- ▶ Trap with fastest flow rate on the market Cable opening-closing system with unique clutch control operation (lifetime guaranteed)\*

\*In normal conditions of use

### DESIGN HANDLE

Round and square options

### DOME OR INTERIOR PLUG

### STAINLESS STEEL GRID

### CABLE OPENING-CLOSING SYSTEM

90° Rotation

### 700 MM CABLE LENGTH

### EASY SET UP

The auto-centring washer retains the waste in position under the bath when the grid is being installed

### SPACE SAVING TRAP

- only 108mm under bath
- high flow rate 63 L/mn

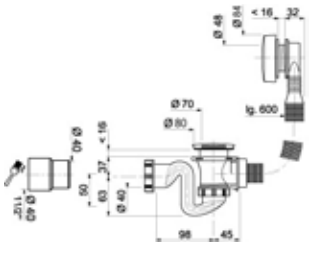

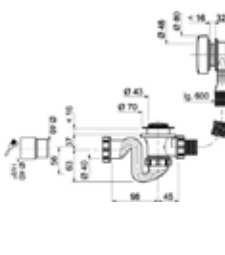

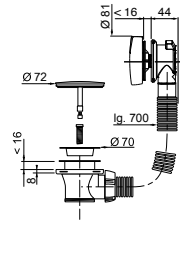

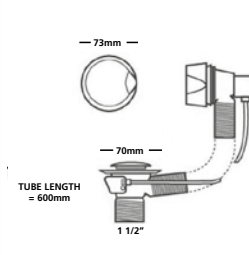

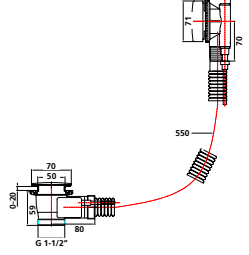

## SPACE SAVING COBRA TRAP

- ▶ Fastest flow rate on the market - 63 L/m
- ▶ Self cleaning trap guaranteed not to block
- ▶ Space saving - only 108mm under bath

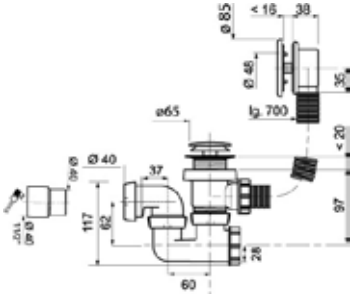

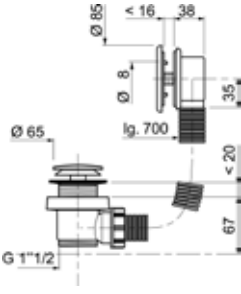

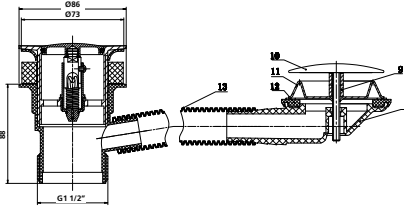

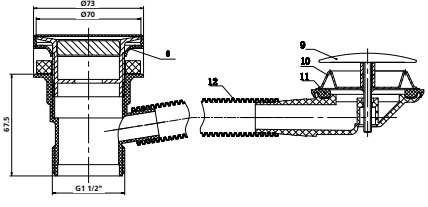

- ▶ Flexible head with 40° movement for easy installation
- ▶ Only 2 connections points – 50% less chance of leak than a traditional 4 joint waste
- ▶ Depth of seal 56mm

## SHOWER TRAY FEET

### ► 450kg Weight Capacity Shower Tray Feet

- **ROBUST:** Each foot withstands 450kg
- **HEIGHT ADJUSTABLE:** From 58mm – 172mm with height graduation marks for accurate setting
- **STABILITY:** Anti-slip stabilising base for an optimal installation
- **INCREASED SAFETY:** Each foot has four floor fixing points

REFERENCE	30719767
EAN CODE	3375537196944
PACKAGING	Bag
QUANTITY	Pack of 4

► Easy height adjustment

### ✓ TIP:

By removing the extension leg, the tray can be installed with a minimum height of on 58mm.

ADJUSTABLE FROM 58mm to 172mm

**104mm wide base:** To increase reliability and easy floor installation.

- JOLLYFLEX FLEXIBLE
- RIGID
- SHORT CONNECTORS

## MAGICFLEX®

## WASTE CONNECTORS

**Macdee**  
*wirquin*

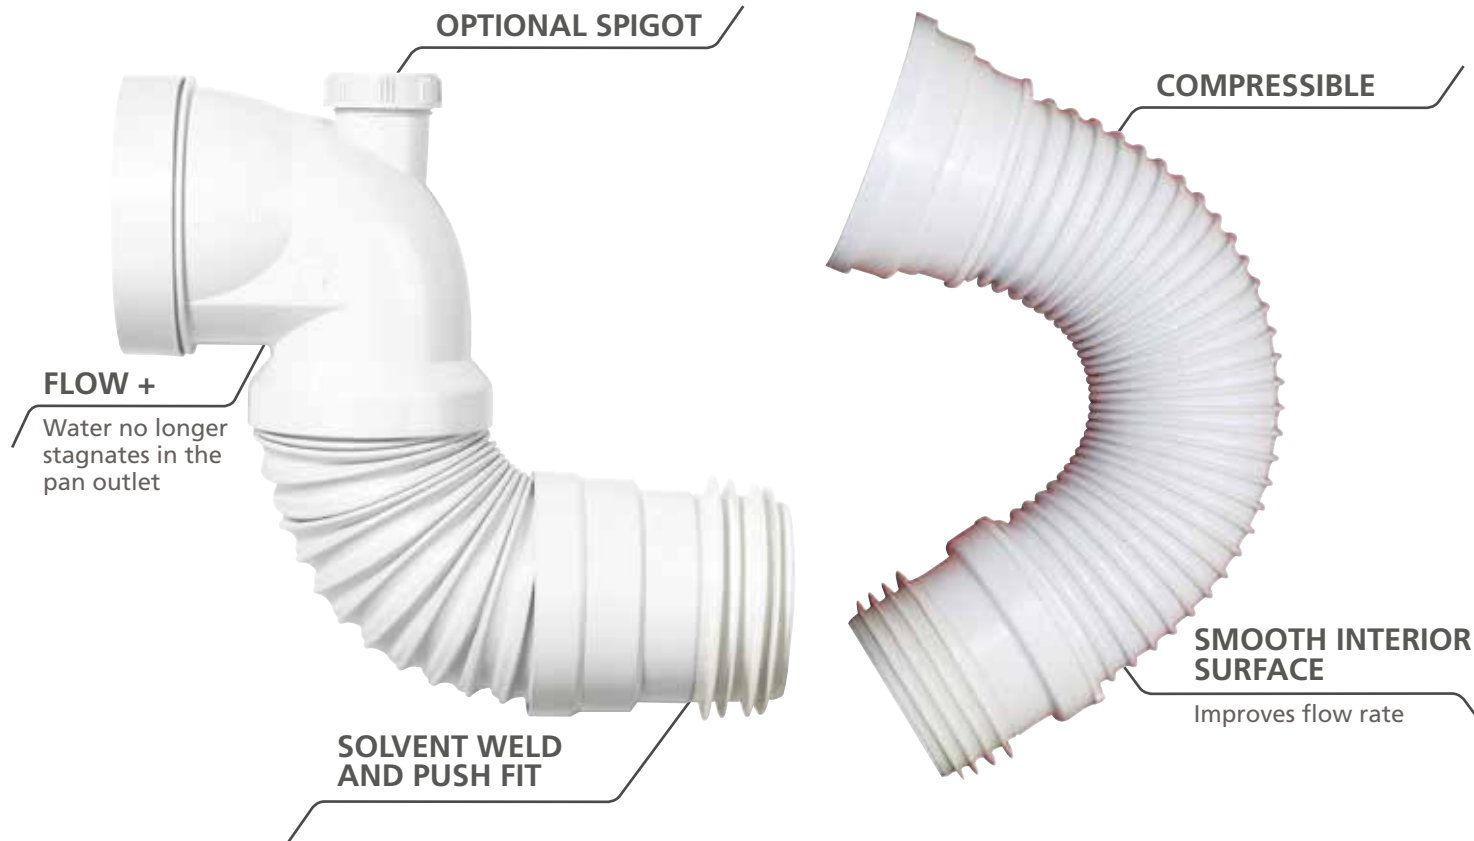

## WC PAN CONNECTORS

### JOLLYFLEX

The Jollyflex range of flexible and extendable pan connectors has been cleverly designed to make installation easier and faster.

- ▶ Eliminates the need to use two different solid pipes to make a joint
- ▶ Negates the need to cut rigid pipes
- ▶ Removable fins, allowing universal connection (solvent weld and push fit)

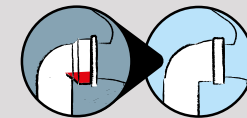

## JOLLYFLEX EXTENDABLE

- ▶ Maintains the desired shape and angle of inclination
- ▶ Provides both an extendable and flexible solution

- ▶ 90° elbow option
  - ▶ Combines the advantages of the extendable and the rigid pan connectors
  - ▶ FLOW + - With its unique internal design, water no longer stagnates in the pan outlet

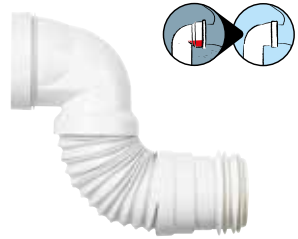

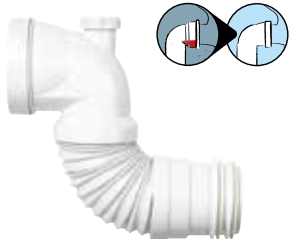

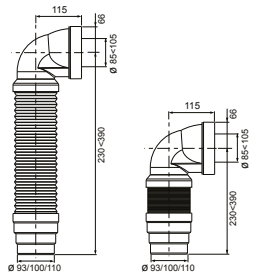

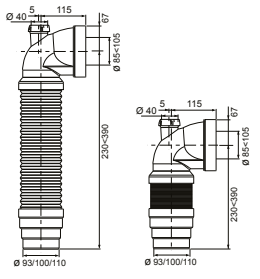

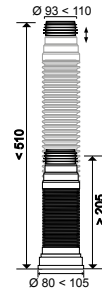

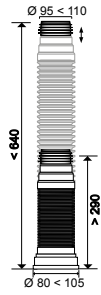

- ▶ Extendable from;
  - ▶ 205mm to 510mm
  - ▶ 290mm to 640mm
  - ▶ 310mm to 780mm

## JOLLYFLEX FLEXIBLE

- ▶ Provides a compressible solution from;
  - ▶ 320mm to 215mm
  - ▶ 390mm to 240mm
  - ▶ 420mm to 280mm
  - ▶ 540mm to 320mm
  - ▶ 580mm to 360mm

PIPE CONNECTORS

MAGICFLEX®

THE FLEXIBLE PVC CONNECTOR

- ▶ **No more angle calculations!**  
Thanks to its flexible structure, it can take on the desired angle from 0° to 180° and on two different levels in the space available.
- ▶ **It can compensate for misalignment between two tubes.**  
It can be compressed for installation on pipes already in place, or in places with difficult access. Its flexible body absorbs contraction and expansion.
- ▶ **Manufactured in PVC, Magicflex® connectors can resist detergents** (bleach, washing-up liquid, washing powder, drain unblocker, etc.)
- ▶ **The same grey colour as used in PVC waste systems, it can be unobtrusively fitted into the installation.**

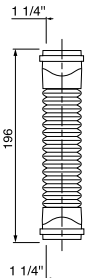

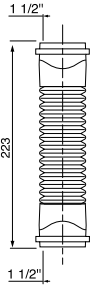

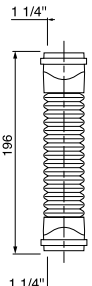

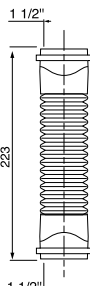

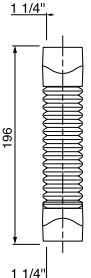

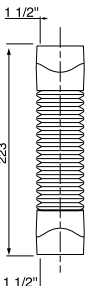

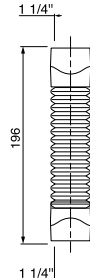

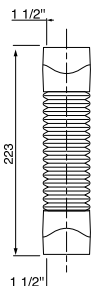

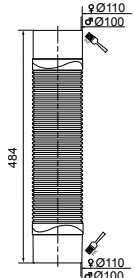

AVAILABLE IN SEVERAL VERSIONS

- ▶ 1 ½" and 1 ¼" solvent weld: Female-Female.
- ▶ 1 ½" and 1 ¼" push-fit: Female-Female.

# www.wirquin.co.uk

# TERMS & CONDITIONS

## 1. GENERAL

For General Terms & Conditions please refer to our website [www.wirquin.co.uk/legal-notices.html](http://www.wirquin.co.uk/legal-notices.html)

## 2. ELECTRONIC TRADING

- 2.1 If the Company and Customer agree that electronic trading between them shall be a basis for order processing and invoicing then the Standard Interchange Agreement (3rd Edition December 1993 as amended or revised from time to time) of the Electronic Commerce Association (or any successor body or association) shall be incorporated into the contract by reference. If and to the extent of any conflict or inconsistency between these conditions and the Standard Interchange Agreement, the former shall prevail.
- 2.2 Electronic orders shall be valid if all the information agreed between the Customer and the Company as being required is properly set out in the agreed format and the order is transmitted by the Customer to the Company by reference to the correct identification code and is received by the Company when collecting its electronic mail from the relevant system.
- 2.3 Each valid electronic order will be deemed to be accepted by the Company unless the Company communicates rejection of the order to the Customer by electronic or other means (including telephone) within two working days of receipt. Acceptance of an order shall constitute a contract for sale and purchase to which these conditions and the Standard Interchange Agreement shall apply.

## 3. DELIVERY

For General Terms & Conditions please refer to our website [www.wirquin.co.uk/legal-notices.html](http://www.wirquin.co.uk/legal-notices.html)

## 4. RISK AND TITLE

- 4.1 Risk in the Products shall pass to the Customer upon delivery and the Customer is then solely responsible for all loss, damage or deterioration to the Products.
- 4.2 Title to the Products shall not pass to the Customer until either:-
- 4.2.1 The Company has received in full (in cash or cleared funds) all monies payable (whether or not due) to the Company under this and any other contracts for Products once agreed between the Company and the Customer including contracts made after this contract; or
- 4.2.2 when the Company serves on the Customer notice in writing specifying that title in the Products or any part thereof has passed; or
- 4.2.3 the Customer resells the Products, in which case title to the Products shall pass to the Customer at the time specified in clause 4.5.
- 4.3 Until title has passed to the Customer the Company may require the Customer to deliver up to the Company all Products in respect of which the Company has title and if the Customer fails to do so forthwith the Company's officers, employees, representatives or agents shall be entitled to enter upon any premises where such Products are kept for the purpose of recovering the same.
- 4.4 Until title to the Products has passed to the Customer pursuant to these conditions the Customer shall:
- 4.4.1 possess the Products as fiduciary agent and bailee of the Company;
- 4.4.2 store the Products separately from all other goods held by the Customer not owned by the Company;
- 4.4.3 maintain the Products in satisfactory condition and ensure that they are fully insured on an all risks basis for their full price from the date of delivery;

- 4.4.4 ensure that the Products are clearly identifiable as belonging to the Company;
- 4.4.5 not remove, deface or obscure any identifying mark or packaging on or relating to the Products;
- 4.4.6 give the Company such information relating to the Products as the Company may require from time to time;
- 4.4.7 notify the Company immediately if it becomes subject to any of the events listed in clause 16; and
- 4.4.8 permit the Company to enter upon any premises where such Products are kept for the purpose of satisfying itself that this condition is being complied with by the Customer.
- 4.5 Subject to clause 4.6, the Customer may resell or use the Products in the ordinary course of its business (but not otherwise) before the Company receives payment for the Products. However, if the Customer resells the Products before that time:
- 4.5.1 it does so as principal and not as the Company's agent; and
- 4.5.2 title to the Products shall pass from the Company to the Customer immediately before the time at which resale by the Customer occurs.
- 4.6 If before title to the Products passes to the Customer the Customer becomes subject to any of the events listed in clause 16, then, without limiting any other right or remedy the Company may have:
- 4.6.1 the Customer's right to resell the Products or use them in the ordinary course of its business ceases immediately; and
- 4.6.2 the Company may at any time:
- 4.6.2.1 require the Customer to deliver up all Products in its possession which have not been resold, or irrevocably incorporated into another product; and
- 4.6.2.2 if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Products are stored in order to recover them.

## 5. CANCELLATION AND AMENDMENT

No contract can be amended or cancelled except with the Company's approval in writing and should such approval be given the Customer shall indemnify the Company against any costs losses or expenses resulting from any cancellation or amendment.

## 6. PRICES

- 6.1 The price of the Products shall be the price set out in the Company's most up to date price list.
- 6.2 Unless otherwise agreed in writing all prices are net for delivery (ex-works) and VAT and any other applicable taxes are payable in addition.
- 6.3 Unless otherwise stipulated by the Company in writing prices are payable in Sterling or if the Sterling currency shall cease to exist when the contract is made, shall be payable in such currency as replaces the Sterling currency.
- 6.4 The Company shall be entitled at any time by giving notice in writing, before delivery to make a reasonable adjustment to the price in the event of any alteration in quantity, design or specification requested by the Customer.
- 6.5 The Company reserves the right at any time prior to delivery by giving notice in writing to increase the price if:
- 6.5.1 there is any increase in the cost of materials labour transport or utilities or if the costs of the Company are increased by any other factor beyond the reasonable control of the Company (including but not limited to foreign exchange fluctuations, increases in taxes and duties); or
- 6.5.2 there is any delay caused by any instructions of the Customer or failure of the Customer to give the Company adequate or accurate information or instructions.

6.6 The Customer shall be liable to the Company for any demurrage costs incurred in the event of vehicles being unduly delayed at the point of delivery.

## 7 TERMS OF PAYMENT

7.1 Unless otherwise agreed by the Company in writing payment shall be made within 30 days from the date of invoice and the Company shall be entitled to issue invoices in the month in which the Products are delivered or would have been delivered save for postponement otherwise then due to default on the part of the Company. Time for payment of the price is of the essence of the contract.

7.2 No disputes arising under this contract (or any other contract between the Company and the Customer) shall serve to permit payment by the Customer of sums due to the Company to be delayed nor shall such disputes interfere with or prevent the Customer from making prompt payment in full and cleared funds. The Customer shall not be entitled to make any deduction from sums owing to the Company by reason of any such dispute.

7.3 In the event of default in payment by the Customer the Company shall be entitled without prejudice to any other right or remedy:

7.3.1 to immediately suspend without notice all further deliveries on this or any other contracts between the Company and the Customer; and/or

7.3.2 to charge interest on a daily basis from the due date until actual payment (after as well as before judgement) on any amount outstanding at the rate of 4% per annum above the base rate of HSBC Bank plc from time to time; and/or

7.3.3 to serve notice on the Customer requiring immediate payment for all Products supplied by the Company under this and all other contracts between them whether or not payment is otherwise due or invoiced.

7.4 The Company reserves the right to request a financial guarantee in respect of any order placed by a Customer and the Company may at its option delay or refuse any such order until an acceptable form of guarantee is provided by the Customer.

## 8 SPECIFICATIONS

For General Terms & Conditions please refer to our website [www.wirquin.co.uk/legal-notices.html](http://www.wirquin.co.uk/legal-notices.html)

## 9 LOSS SHORTAGES AND DAMAGE APPARENT ON DELIVERY INSPECTIONS

9.1 The Customer shall have no claim for loss, shortages or damage on delivery which are or would be apparent on inspection unless the Customer:

9.1.1 Unpacks and inspects the Products as soon as reasonably practicable following receipt;

9.1.2 notifies the Company of any loss, shortages or damage (otherwise then by a qualified signature on the delivery note) within 48 hours of receipt; and

9.1.3 demonstrates to the satisfaction of the Company that such loss, shortages or damage occurred prior to delivery.

9.2 The Customer shall have no rights in respect of loss, shortages or damage unless the Company is given reasonable opportunity to inspect the Products and investigate any complaint before any use of or alteration to or interference with the Products.

9.3 On a valid complaint made in accordance with this Clause 9 the Customer shall be entitled (in the case of notified shortages) to receive within a reasonable time a delivery of Products equivalent to the shortfall and (in the case of defects) the Company at its option shall repair, replace or provide a credit for the price of the affected Products but the Company shall have no further liability whatsoever. If a complaint of loss, shortages or damage on delivery is not made to the Company in accordance with this Clause 9 then the Products shall be deemed to be delivered complete and undamaged in accordance with the contract and the Customer shall be bound to pay for the same accordingly.

9.4 Loss, shortages or damage in a delivery or any instalment delivery shall not be a ground for termination by the Customer of the contract or the remainder of the contract (as the case may be).

## 10 WARRANTY

For General Terms & Conditions please refer to our website [www.wirquin.co.uk/legal-notices.html](http://www.wirquin.co.uk/legal-notices.html)

## 11 LIABILITY

11.1 The Company does not limit or exclude its liability under these conditions for:

11.1.1 breach of the terms implied under Section 12 of the Sale of Goods Act 1979 (good title) (as amended by the Sale and Supply of Goods Act 1994);

11.1.2 death or personal injury caused by its negligence or the negligence of its employees, agents or subcontractors (as applicable) as defined in the Unfair Contract Terms Act 1977;

11.1.3 fraud or fraudulent misrepresentation;

11.1.4 defective products under the Consumer Protection Act 1987; or

11.1.5 any matter in respect of which it would be unlawful for the Company to exclude or restrict liability.

11.2 Save as provided under Clauses 9, 10 and 11.1;

11.2.1 the Company shall have no liability to the Customer;

11.2.2 the Company's total liability, whether in respect of one claim or in the aggregate shall not exceed the contract price payable under this contract for the supply of Products to be provided under it.

11.3 The Customer acknowledges that the limitation of the Company's liability is reasonable in all the circumstances and the Customer agrees that it is its own responsibility to insure adequately to cover any loss or damage in excess of the aforesaid limit of the Company's liability. Subject to reaching agreement on terms, the Company and the Customer may determine an increased level of liability which is to be accepted in Writing by the Company to cover, in particular specific types of loss or damage which both parties reasonably foresee and anticipate.

11.4 In this clause 11 the term "liability" means any form of liability or loss whatsoever including but not limited to loss whether in misrepresentation under contract, common law, equity, tort and any breach of statutory provision whether or not based on negligence or breach of any express or implied duty, or otherwise for any loss other than strictly direct losses (meaning for these purposes the increased costs of purchasing products from a third party or the cost of remedial repair work) and specifically consequential, financial or economic loss whether direct or indirect including but not limited to any incidental costs of dismantling, fitting or other ancillary work required in connection with the provision of a repair or replacement, any loss of production, profits, contracts, loss of use or anticipated savings and any claims made against the Customer by any third party are excluded.

11.5 To the extent that any liability of the Company is expressed to be limited or excluded by these conditions the Customer shall indemnify the Company in respect thereof.

## 15 COMPANY LITERATURE

The information contained in the advertising, sales, samples, technical and other descriptive literature issued by the Company including any illustrations performance details, examples or installations and methods of assembly and all other information and data in such literature are based on experience and upon trials under test conditions and are approximate and provided for general guidance only. No such information or data shall form part of the contract unless it is specifically referred to in the quotation or order acknowledgement or the Customer shall have complied in respect thereof with Clause 1.11.

## 16 TERMINATION

- 16.1 Without prejudice to any other rights or remedies of the Company, the Company shall be entitled in any of the following circumstances to terminate (in whole or in part) with immediate effect by giving written notice of this and any other contract whenever made between the Company and the Customer and/or to suspend deliveries and/or to receive upon demand payment of all monies payable under any such contracts whether or not otherwise due:
- 16.1.1 the Customer makes or proposes any voluntary arrangement with its creditors or enters into negotiation with its creditors with a view to rescheduling its debts;
  - 16.1.2 the Customer becomes subject to an administration order or an application is made to court or becomes bankrupt or goes into liquidation;
  - 16.1.3 a creditor or an encumbrancer of the Customer takes possession or a receiver is appointed (or a person is able to appoint a receiver) of the whole or any part of the property or assets of the Customer;
  - 16.1.4 the Customer suspends, or threatens to suspend, payment of its debts, or becomes unable to satisfy its debts as they fall due, or is deemed unable to pay its debts within the meaning of the Insolvency Act 1986;
  - 16.1.5 the Customer ceases, suspends or threatens to cease or suspend to carry on all or a substantial part of its business;
  - 16.1.6 a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Customer;
  - 16.1.7 the Company reasonably believes that any of the events mentioned above or any equivalent or similar event under any relevant laws in any other jurisdiction to which the Customer or any connected person is subject has or may occur;
  - 16.1.8 the Customer or any connected person commits any breach of this or any other contract whenever made between the Customer and the Company; or
  - 16.1.9 if the Customer fails to pay any amount due under this Contract on the due date for payment.
- 16.2 On termination of the Contract for any reason the Customer shall immediately pay to the Company all of the Company's outstanding unpaid invoices and interest.
- 16.3 Termination of the Contract, however arising, shall not affect any of the parties' rights, remedies, obligations and liabilities that have accrued as at termination.
