Offering a choice of 10 stunning decors, the Nuova range includes natural stone finishes in HPL from Formica's TrueScale collection.

Hygienic and easy to clean, its smooth surface prevents mould or germs from gathering - just a quick wipe down keeps Nuova looking like new.

Nuova Board is manufactured using a new synthetic and homogeneous black core which is impervious to water and represents a greener alternative to similar polymer based boards. Produced in Scotland to the highest standards, Nuova is backed by our comprehensive 10 year guarantee.

BLACK CORE

Tongue & groove profiles ensure a seamless look

Supplied as a complete wall lining system, Nuova comes with matching Topseal sealant and a range of extrusions for the perfect finish. Offering a 'straight over tiles' solution, Nuova is incredibly simple to install thanks to its tongue & groove profile. The entire collection is also available 'off the shelf' for your convenience.

Beautiful natural finishes create a simple and tranquil space.
