

ALPHA CONNECT

Control your heating from anywhere
with the Alpha Connect app (available on iOS and Android).

Key features:

- + Boiler Plus compliant
- + Wireless communication
- + Geolocation fencing
- + Optimised start
- + Local or remote control
- + Backlit LCD display
- + Anti-frost function
- + Holiday mode
- + Sleep mode
- + Auto pairing
- + Temperature range - 5 - 35°C

Part Number: 7.2000155

Alpha Climatic

The Alpha Climatic modulating remote control has been specifically designed to work with our E-Tec range of boilers to maximise boiler and system efficiency. It is a multi-channel time and temperature programmer with integrated thermostat and BUS system to transfer data between the boiler and controller.

Within SAP, Alpha Climatic is classed as an Enhanced Load Compensator capable of measuring and maintaining the temperature inside the building by modulating and limiting the boiler flow temperature depending on the measured room temperature.

Available in wired and wireless versions.

Part Number: 3.022143 (wireless)
Part Number: 3.022144 (wired)

Comfort 2-Channel

The Alpha Comfort 2-Channel radio frequency controller is a digital, wireless programmable room thermostat and timer for use with all E-Tec system boilers. Battery operated, no hard wiring is required and the transmitter can be sited anywhere up to 30 metres away from the boiler.

Part Number: 3.022142

Digital EasyStat

The Alpha digital EasyStat provides wireless time and temperature control with 7 day programming and settings in one hour increments. The compact and simplistic button design ensures easy set-up and operation for all users.

Part Number: 7.2000050

Mechanical EasyStat

The 24-hour Mechanical EasyStat is a time and temperature controller that can provide maximum and minimum room temperature control.

Part Number: 6.1000240
