# **TITAN** Potable Water Tanks

*Sustainable, Reliable, Affordable*

# Large Capacity Water Tanks

Whether it's water for emergency human consumption or for general use including animal watering, the Titan Environmental range of large capacity, potable water storage tanks provide the best solution on the market.

- Rotationally moulded WRAS (Water Regulations Advisory Scheme) approved 100% virgin black Medium Density Polyethylene
- Fitted as standard with 2" BSP male outlets which can be connected onto copper, pex, hydrocare etc
- Tough and durable
- Weatherproof
- UV stabilised for protection from sunlight
- Recyclable
- Fitted with a sealed 16" hinged manhole cover to allow easy access for fitting of ballcocks, floats and extra outlets
- All potable water tanks require a solid base for installation
- Other outlet sizes available
