9th Edition

**William Wilson**  
BATHROOM SHOWROOMS

## INDULGE YOUR SENSES

An extensive range of stunning, innovative, superbly designed bathroom suites, brassware, shower enclosures & accessories providing high quality durable and extremely functional products that satisfy the demands of today's contemporary living.

Modern, clearly defined lines create a modest or extravagant feel in any home.

Lifeshield uses the very latest nano technology to deliver a unique bond with the glass that leaves the surface totally smooth and able to resist the build up of unsightly limescale and soap deposits which can lead to glass looking less than perfect. Totally clear UV stable and extremely durable, Lifeshield won't peel or flake and unlike some other systems you don't need any specialist cleaners or top up products to maintain it's dirt repellent properties.
